

# One Another®

Ministries International

## Robert & Debra Lugar

February 4, 2010

Dear friends,

Thank you for partnering with us during this last year. We all know it has been a difficult year – one marked by crisis and tragedy. Yet we are seeing that God's people are rising to the challenge and remaining faithful to the task.

Because of the generosity and sacrifice of supporters, our team had the privilege of ministering to right at 500 international Christian workers last year. Some received tools needed for more effective ministry and relationships through conferences and retreats. Others received help in times of trauma or crisis at our facilities here in the Montpellier area.

In addition to the opportunities we had to provide training and group interventions, last year Debby and I were able to work individually with 78 missionaries and national Christian workers. Many of these precious servants of God stayed in our home where we were able to give just over 180 days of care and hospitality. We thank you, and we praise God for the light of the gospel that will shine more brightly through each of these lives and ministries.

As we look ahead, we ask your earnest prayers for our team – all of whom seem to be passing through times of increased opportunity and amplified obstacles.

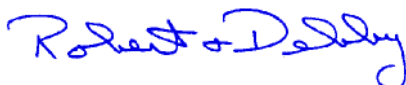

Dr. Mike and Susan Morykon have been an important part of our team for seven years, the last four of those being based here in Montpellier. Right now they need to be close to their family to help with some pressing situations. Because of this, their ministry will be based in the States for the immediate future. Please pray for them during this difficult move, and for the rest of the team that will be trying to carry the load created by their absence.

Dr. Erik and Irene Lange continue their Stateside assignment in order to attend to critical issues with aging parents. During this time they remain an active and vital part of our team. Rick is currently spearheading an initiative that could have impact throughout the world of missions by providing much needed preparation and skills to the fastest growing populations of missionaries.

In addition to her ongoing ministry of counseling and care for international Christian workers, Dorcas Harbin is currently driving an inter-agency initiative to increase the effectiveness and joy of singles in inter-cultural ministry and to facilitate their healthy integration with their ministry teams. After years of dedicated service in this area, Dorcas is increasingly being sought after and recognized as a leader in this field.

During the next two weeks, Debby and I will be meeting with the leaders of approximately 50 mission agencies to discuss how we can help increase the impact of their missionaries around the world. During the last decade, we have had the privilege of working with right at 150 different mission agencies, and we have seen God bless through greater joy, impact, and longevity. Please pray that God will bless this time and show us which doors He is opening.

Working together for Christ,

Dr. & Mrs. Robert Lugar
