

One Another®

Ministries International

Robert & Debra Lugar

June 12, 2010

Dear friends,

It is a great joy for us to be able to participate with God as He cares for and encourages His servants in this part of the world. And lately He has given us more opportunities (often in the form of cries for help) than we can possibly fulfill.

A few weeks ago I was able to present training and provide counseling at a meeting of almost 400 missionaries from 35 countries throughout Europe and central Asia. The logistics were a bit of a challenge as we needed to work through multiple translators. But it was thrilling to meet with so many international Christian workers and see how God is working in this part of the world. It was both humbling and exciting to see many of those workers leave encouraged and with new skills and plans to face the difficulties in their countries of ministry. Please pray for these missionaries as they return to their ministries, and for our team as we try to respond to the many requests for follow-up visits from this group.

From there we went to a consultation on Guernsey island (located off the coast of France and belonging to the United Kingdom) that was sponsored by One Another and spearheaded by our colleague, Dorcas Harbin. There we met with 26 Christian leaders and workers representing nine countries and 13 organizations to develop materials to help singles who are preparing for ministry in world missions and to help mission organizations and teams to better interact with their single members. We believe this initiative has the potential to greatly impact the ministries of singles, who make up a large percentage of the world missionary force. We appreciate your prayers for this project that is both huge and ongoing.

In just a couple hours I will be leaving to work with a group of about 65 European missionaries in a camp setting over the next ten days. We already know that many are coming with needs and situations that can threaten their families and ministries if not dealt with properly. Please pray that God will be at work and will give wisdom, strength and grace.

We also ask you to pray with us about another very practical need. As you can see, our ministry requires us to regularly travel throughout Europe. As an example, just this summer we are in Germany, Spain, England, Switzerland, and cities around France. Because of this we need a vehicle that is reliable and road worthy and that can carry those with whom we are working as well as equipment and luggage when needed.

The car we have has faithfully served us for 12 years now, but has been in the shop twice in the last month and has more parts on order. We can see that soon it will not be safe or reliable enough to take on the road to continue the ministry. In short, it must be replaced. Will you please pray with us about this? And if God leads you to do so, will you please consider making a special offering to our ministry fund to help meet this need?

Thank you again for your faithfulness, friendship and prayers that make this ministry possible.

Working together for Christ,

Dr. & Mrs. Robert Lugar
