

June 2009

Dear Friends,

The mission statement of One Another Ministries reads:

*Providing professional counseling, consulting, training, and resourcing for the development and care of Christian Mission organizations and their members, churches on the mission field and their leaders*

The term *professional* in our statement refers to our commitment to maintain a professional level of ethical behavior and accountability. The Scriptures are quite clear concerning our need for human, as well as divine oversight and accountability. (Proverbs 13:10 – ...wisdom is with those who receive counsel. & Proverbs 27:17 – iron sharpens iron, so one man sharpens another.) For this reason, our staff will meet this month with another Christian Counseling Ministry for this very purpose.

Pray with us:

That this time will be refreshing and stimulating for both ministries.

With Thanks, always,

The Staff of One Another Ministries
